

Gehl's

Every day over 3 million servings of **Gehl's** sauces are poured over snack foods like nachos, pretzels, hot dogs, and french fries. Gehl's offers the smallest cheese and chili sauce bag-in-box pack size in the market (80 oz), which reduces spoilage and provides your customers with the highest quality, freshest product possible. In addition to providing great-tasting cheese, chili and, chips, Gehl's is also your source for equipment, chip racks and POS, making Gehl's your one stop shop for nachos.

In addition to producing the smallest cheese and chili sauce pack size in the market, Gehl's also manufactures dispensers with the smallest footprint of any dual dispenser available. This allows retailers to maximize counter space without having a dispenser that monopolizes valuable space for other products. Plus, dispensers are made right in our Wisconsin headquarters, meaning retailers get equipment and support quickly and right from the source.

Gehl's provides the highest quality products at a competitive price. Nachos are an integral part of any foodservice program, plus Gehl's cheese and chili sauces serve as an excellent condiment for hot dogs, sandwiches, french fries, and pretzels.

Gehl's Benefits:

- Gehl's cheese and chili sauce are shelf-stable for 12 months.
- One week heated shelf-life in the dispenser.
- Tortilla chips are manufactured in single-serve bags.
- Clam shells are offered free of charge.
- All Gehl's products purchased by Eby-Brown are trans fat free.
