

April 24, 2009

To Our Valued Customers:

We have received a few phone calls recently from consumers saying that they are not satisfied with our Fruit Craze Tropical Punch and Kiwi Watermelon with the following batch codes:

Fruit Craze Tropical Punch	Batch # GEM2059A	Best buy code 02/10
Fruit Craze Kiwi Watermelon	Batch # GEM2056O	Best buy code 01/10

Since we want to insure that all consumers are satisfied with our products, and since this is not up to our usual high standards of quality and taste, we will gladly replace any product of these 2 flavors and code dates. None of the other Fruit Craze flavors are affected.

Please advise if you have any questions. Thank you for your continued support of Meridian Beverage products.
