From: Krystal Jenkins

RE: Recall Notice from Kashi Company

Kashi Company is expanding its previously announced voluntary recall to include two varieties of Kashi® brand snack bars and one Bear Naked® Granola variety sold into the Foodservice, Convenience and Vend Channels because they contain ingredients made from sunflower seeds distributed by its supplier, SunOpta, which have the potential to be contaminated with *Listeria monocytogenes*. SunOpta expanded the scope of impacted products after Kashi initially announced its recall in the United States on May 31.

The material that is affected is listed below:

Eby# 574723 KASHI GRAN TRLMIX BAR
Liberty #17938 Kashi Trail Mix Chewy Trail Mix Granola Bars
Better if Used Before Dates: **MAR01 2017 or earlier and/or MAR0117 or earlier**

A copy of the vendor's letter notifying us of the matter is attached for your reference.

Customers should remove any affected inventory from their shelves, dispose of the product, provide the quantity destroyed by June 24, 2016, and contact Eby Brown or Liberty USA Customer Service, for credit.

This product is carried through our West Mifflin, PA and Montgomery, IL plants. The plants have been notified of the recall and have removed all affected products from our inventory.
