

**Product Recall – specific actions required**

**Please review and execute all instructions below**

**CC-145-15**

July 23, 2015

To Customers of American Snuff Company, LLC

**SUBJECT: American Snuff Company, LLC (ASC) Voluntary Product Recall – Specified GRIZZLY and KODIAK Products**

ASC has issued a voluntary product recall on specified GRIZZLY and KODIAK moist snuff products. ASC has identified damage to the packaging of some GRIZZLY and KODIAK products manufactured earlier this month. The ASC voluntary product recall was issued after testing by company personnel showed that some GRIZZLY and KODIAK brand styles manufactured within a certain date range in July 2015 may have been damaged during the manufacturing process. The identified products may contain one or more small pieces of plastic, chipped off of the top edge of the moist snuff can during the manufacturing process.

The information provided within this document (pages 2 and 3) will assist you in identifying the product in-scope of the voluntary product recall.

**An RJRT Representative will be contacting you in the near future to assist in identifying affected product and authorizing a product return to your ASC supplier.**
