URGENT VOLUNTARY DRUG RECALL

July 8, 2010

Dear OTC Warehouse:

MCNEIL CONSUMER HEALTHCARE ANNOUNCES VOLUNTARY RECALL OF CERTAIN OVER-THE-COUNTER (OTC) PRODUCTS IN THE UNITED STATES, FIJI, GUATEMALA, DOMINICAN REPUBLIC, PUERTO RICO, TRINIDAD & TOBAGO, AND JAMAICA

Please return ALL warehouse and retail inventory of the identified lots listed below. No product other than the ones specified should be returned.

McNeil Consumer Healthcare, Division of McNEIL-PPC, Inc., is recalling 21 lots of over-the-counter medicines. The lots involved, listed below, are sold in the United States, Fiji, Guatemala, Dominican Republic, Puerto Rico, Trinidad & Tobago, and Jamaica. This action is a follow-up to a product recall that McNeil Consumer Healthcare originally announced on January 15, 2010, which was initiated following consumer complaints of a musty or moldy odor, which has been linked to the presence of trace amounts of a chemical called 2,4,6-tribromoanisole (TBA). The risk of serious adverse medical events is remote. This recall is being conducted with the knowledge of the U.S. Food and Drug Administration (FDA).

These lots are being added to the list of recalled products as a precautionary measure after a continuing internal review determined that some packaging materials used in the lots had been shipped and stored on the same type of wooden pallet that was tied to the presence of TBA in earlier recalled lots. All lots involved in the recall were produced before the January 15, 2010 recall, after which McNeil stopped accepting shipments of materials from its suppliers on that type of pallet.

Consumers who purchased product from the lots included in this recall should stop using the product and contact McNeil Consumer Healthcare for instructions on a refund or replacement. For these instructions, and information regarding how to return or dispose of the product, consumers should log on to the internet at www.mcneilproductrecall.com or call 1-888-222-6036 (Monday-Friday 8 a.m. to 8 p.m. Eastern Time, and Saturday-Sunday 9 a.m. to 5 p.m. Eastern Time). Consumers who have medical concerns or questions should contact their healthcare provider.

Any adverse reactions may also be reported to the FDA's MedWatch Program by fax at 1-800-FDA-0178, by mail at MedWatch, HF-2, FDA, 5600 Fishers Lane, Rockville, MD 20852-9787, or on the MedWatch website at www.fda.gov/safety/medwatch/default.htm.

The product lot numbers for the recalled products can be found on the side of the bottle label.

Action Requested:

1. Identify all warehouse inventory of below listed products and return immediately as per the attached "Return Authorization Form". If you have any questions regarding the form, please call Stericycle at 866-367-6717. You can also fax your questions to fax 877-884-7828.
2. Communicate this product recall to your retail outlets that received these products and request they return **ALL** identified products to your warehouse. Please place all inventory and returns of these products into quarantine in your warehouse until returned to Stericycle. A suggested communication is attached for your use.
3. Once you have all retail returns, send back immediately per enclosed instructions.
4. Please complete the enclosed Business Reply Form and return as soon as possible.

We appreciate your cooperation in helping us successfully execute this voluntary recall. If you have any questions related to the return of this product, please contact Stericycle at 866-367-6717. If you have any questions about the product, please contact your McNeil Consumer Healthcare Sales Representative or call 888-222-6036.

McNeil Consumer Healthcare Division of McNEIL-PPC, Inc.
