Dear Valued Customer,

Nestlé USA is initiating a voluntary recall of **BUTTERFINGER® Peanut Butter Crisp** products due to the potential presence of small pieces of plastic. The affected products were manufactured in Franklin Park, IL., and distributed nationally. No other production codes, sizes or varieties of Nestlé Butterfinger Peanut Butter Crisp products are affected by this recall. This recall covers only specific production codes of the following products:

- Butterfinger Peanut Butter Crisp Share Pack 3 (18 x 2.01 oz)
- Butterfinger Peanut Butter Crisp Snack Tray (24 x 4.02 oz)

To locate the production code, consumers should look on the top panel of the product.

We are recalling these products because they may contain small pieces of plastic that may cause injury. Nestlé USA is taking this action out of an abundance of caution after several consumers reported that they had found small pieces of plastic in some of these products.

Our records show that you were shipped one or more cases of these products. Please communicate and direct your Distribution Center(s) and retail outlets to:

- Remove product(s) with the affected Consumer UPC codes listed below
- Destroy all quantities under 50 cases
- Ship back to servicing Nestlé USA DC quantities of more than 50 cases (unopened/uncut case inventory of affected products)

Your Nestlé USA Sales Organization Representative will provide you with a trace report detailing shipments that may contain the affected product.

Your assistance is greatly appreciated in clearing warehouses and storage rooms of these potentially affected products, and we thank you in advance for your cooperation.
